Bm                      A                                G      G/F#    Em7
Hello, Is there anybody in there? Just nod if you can hear me
         Bm
Is there anyone at home
Bm                     A
Come on, I hear you're feeling down
G     G/F#      Em7              Bm
I can ease your pain And get you on your feet again
                         A             G        G/F#   Em
Relax. I need some information first, Just the basic facts
        Bm
Can you show me where it hurts
```

Chorus

```
D                          A
There is no pain. You are receding
D                               A
A distant ship smoke on the horizon.
C                               G
You are only coming through in waves
     C                                        G
Your lips move but I can't hear what you're saying.
     D                       A
When I was a child, I had a fever
   D                            A
My hands felt just like two balloons
C                                G
Now I've got that feeling once again
                                 C                                G
I can't explain, you would not understand, this is not how I am
A    C          G                  D
I        have become, comfortably numb.
```

Solo 1 (chords same as first 4 lines of Chorus)

Verse 2

```
O.K., just a little pin prick, there'll be no more
But you may feel a little sick.  Can you stand up?
I do believe it's working, good. That'll keep you going through the show,
C'mon it's time to go
```

Chorus

```
There is no pain. You are receding
A distant ship smoke on the horizon.
You are only coming through in waves
Your lips move but I can't hear what you're saying.
When I was a child I caught a fleeting glimpse,
Out of the corner of my eye,
I turned to look, but it was gone, I can not put my finger on it now,
The child is grown, the dream is gone, and
I have become comfortably numb.
```
